DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-4, 8 and 10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claims 2-4, 8 and 10 all recite the limitation "said holding means." There is insufficient antecedent basis for this limitation in the claim. The amendment of claim 1 to recite first and second holding means renders the subsequent limitations of "said holding means" indefinite as it is not clear which holding means, the first or second, the following limitations are referencing.

Allowable Subject Matter

4. Claims 1, 5-7, and 9 are allowed.
5. The following is an examiner's statement of reasons for allowance: The prior art fails to anticipate or render obvious the specifics of the first and second holdings means in combination with the other elements set forth in claim 1. Specifically the ability to actually grip the sheets and transfer them in two opposing directions differentiates the first holding means from the prior art when considered in combination with the other claim elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

6. Applicant's arguments see pages 1-2, filed 6-30-2009, with respect to the rejection(s) of claim(s) 1-10 under 102 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of the indefiniteness of claims 2-4, 8 and 10 due to the change of language to claim 1 without corresponding changes to the dependent claims to maintain proper antecedent basis.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
